WELCOME

Indigo's elite Class-A vaulting platform — your gateway to owning and safeguarding real precious metals in the world's most secure and transparent environment.

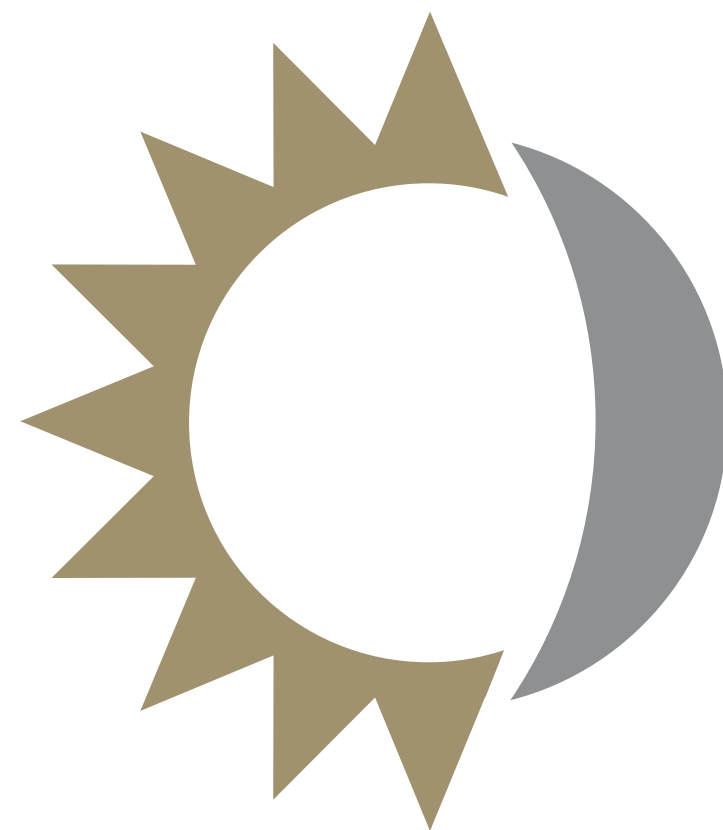

David J Mitchell

Managing Director, IPM Group Pte Ltd
david.j.mitchell@ipm.capital

At Indigo Precious Metals, we understand that investing in physical precious metals is more than a financial decision — it's about security, legacy, and trust.

This guide was created with you in mind — whether you're just beginning your journey into bullion or you're an experienced investor in gold, silver, platinum, palladium, rhodium, or rare earth metals. Our goal is to help you make well-informed, confident choices when it comes to storing and protecting your wealth.

With over a decade of experience and a reputation for integrity and excellence, the Indigo Precious Metals Group is proud to offer a vaulting solution that prioritizes your ownership, safety, and peace of mind. If any questions come up as you explore this guide, our team is always here to support you — every step of the way.

INDIGO
PRECIOUS METALS

A Proud Affiliate Member of the London Bullion Market Association (LBMA)

As an LBMA Affiliate Member, Indigo Precious Metals upholds the highest global standards in precious metals trading and storage. Being aligned with the LBMA reinforces our commitment to:

- Integrity in pricing and product sourcing
- Compliance with global due diligence frameworks
- Transparency in all aspects of bullion custody
- Exclusive access to trusted refiners and LBMA-accredited products

Our LBMA affiliation is a cornerstone of our promise to deliver credible, regulated, and institution-grade bullion solutions to our clients worldwide.

AN ULTRA SECURE, FULLY ALLOCATED WHOLLY SEGREGATED VAULTING SOLUTION

We know that stepping into the world of physical precious metals can feel unfamiliar at first — especially when it comes to managing your own vaulted account. While the benefits of diversification and direct ownership are clear, the process can seem complex at the outset.

That's why we've designed our Class A vaulting solution specifically with new investors in mind. With fully allocated and wholly segregated storage, you maintain complete legal ownership of your metals — stored in the most secure environment available.

From account setup to choosing your metals and understanding your reports, our team is here to guide you with clarity and confidence. You're never alone — we're with you at every stage of your journey.

FULLY ALOCATED. WHOLLY SEGREGATED.

At Indigo Precious Metals, your bullion is stored in a fully segregated vaulted account under your personal, corporate, or trust name — never co-mingled.

For clients who opt for pooled holdings, these too remain within our vault infrastructure and are independently audited to ensure 100% coverage and full legal entitlement.

We partner with Malca-Amit, the globally recognized vaulting provider, within the ultra-secure Le Freeport facility in Singapore, providing world-class security and full legal title to your metals at all times.

Unlike many dealers, we do not hold ownership of your assets. You retain full legal control — with no hidden fees, no shared storage, and no third-party risks.

FULLY INSURED.

Every bar or coin in your account is explicitly recorded, sealed in tamper-proof packaging, and held in a tax-free, ultra-secure environment. Metals are stored with clear identifying details — including serial numbers and year of mintage — and clients receive:

- Quarterly inventory statements
- Storage invoices
- Insurance certificates backed by Lloyd's of London

Your assets are protected, verified, and fully insured — always.

FREE TRADE ZONE (FTZ)

Le Freeport, Singapore is a world-class bonded vaulting facility, located within a Free Trade Zone — a special economic area offering 100% duty-free exemption.

This location falls outside the traditional banking system, providing a secure buffer against systemic financial risk. Your bullion remains private, protected, and easily accessible — with safe deposit boxes available upon request for those who prefer private custody.

WHY VAULT WITH US

Indigo Precious Metals offers a secure, transparent, and fully client-controlled vaulting solution. Here's what you can expect:

- 100% client legal ownership — never pooled or co-mingled
- Wholly segregated storage under your personal, corporate, or trust name
- Zero solvency risk — your metals remain your property at all times
- High liquidity — convert holdings to cash quickly, at any scale
- Best wholesale market prices — sourced directly from global refiners
- Unique bar numbers and full certification (where applicable)
- Fully insured by Lloyd's of London
- Stored outside the banking system for systemic risk protection
- Vaulting within a Free Trade Zone (FTZ) — tax-efficient and duty-free
- Regular independent audits and quarterly inventory reporting
- Private inspection visits welcomed
- Guaranteed privacy and confidentiality
- Access to one of the world's most secure vaults: Le Freeport, Singapore
- Online vault portal with 24/7 access to your holdings and reports

IPM GROUP WORKS EXCLUSIVELY WITH TOP-TIER VAULTING & LOGISTICS COMPANIES

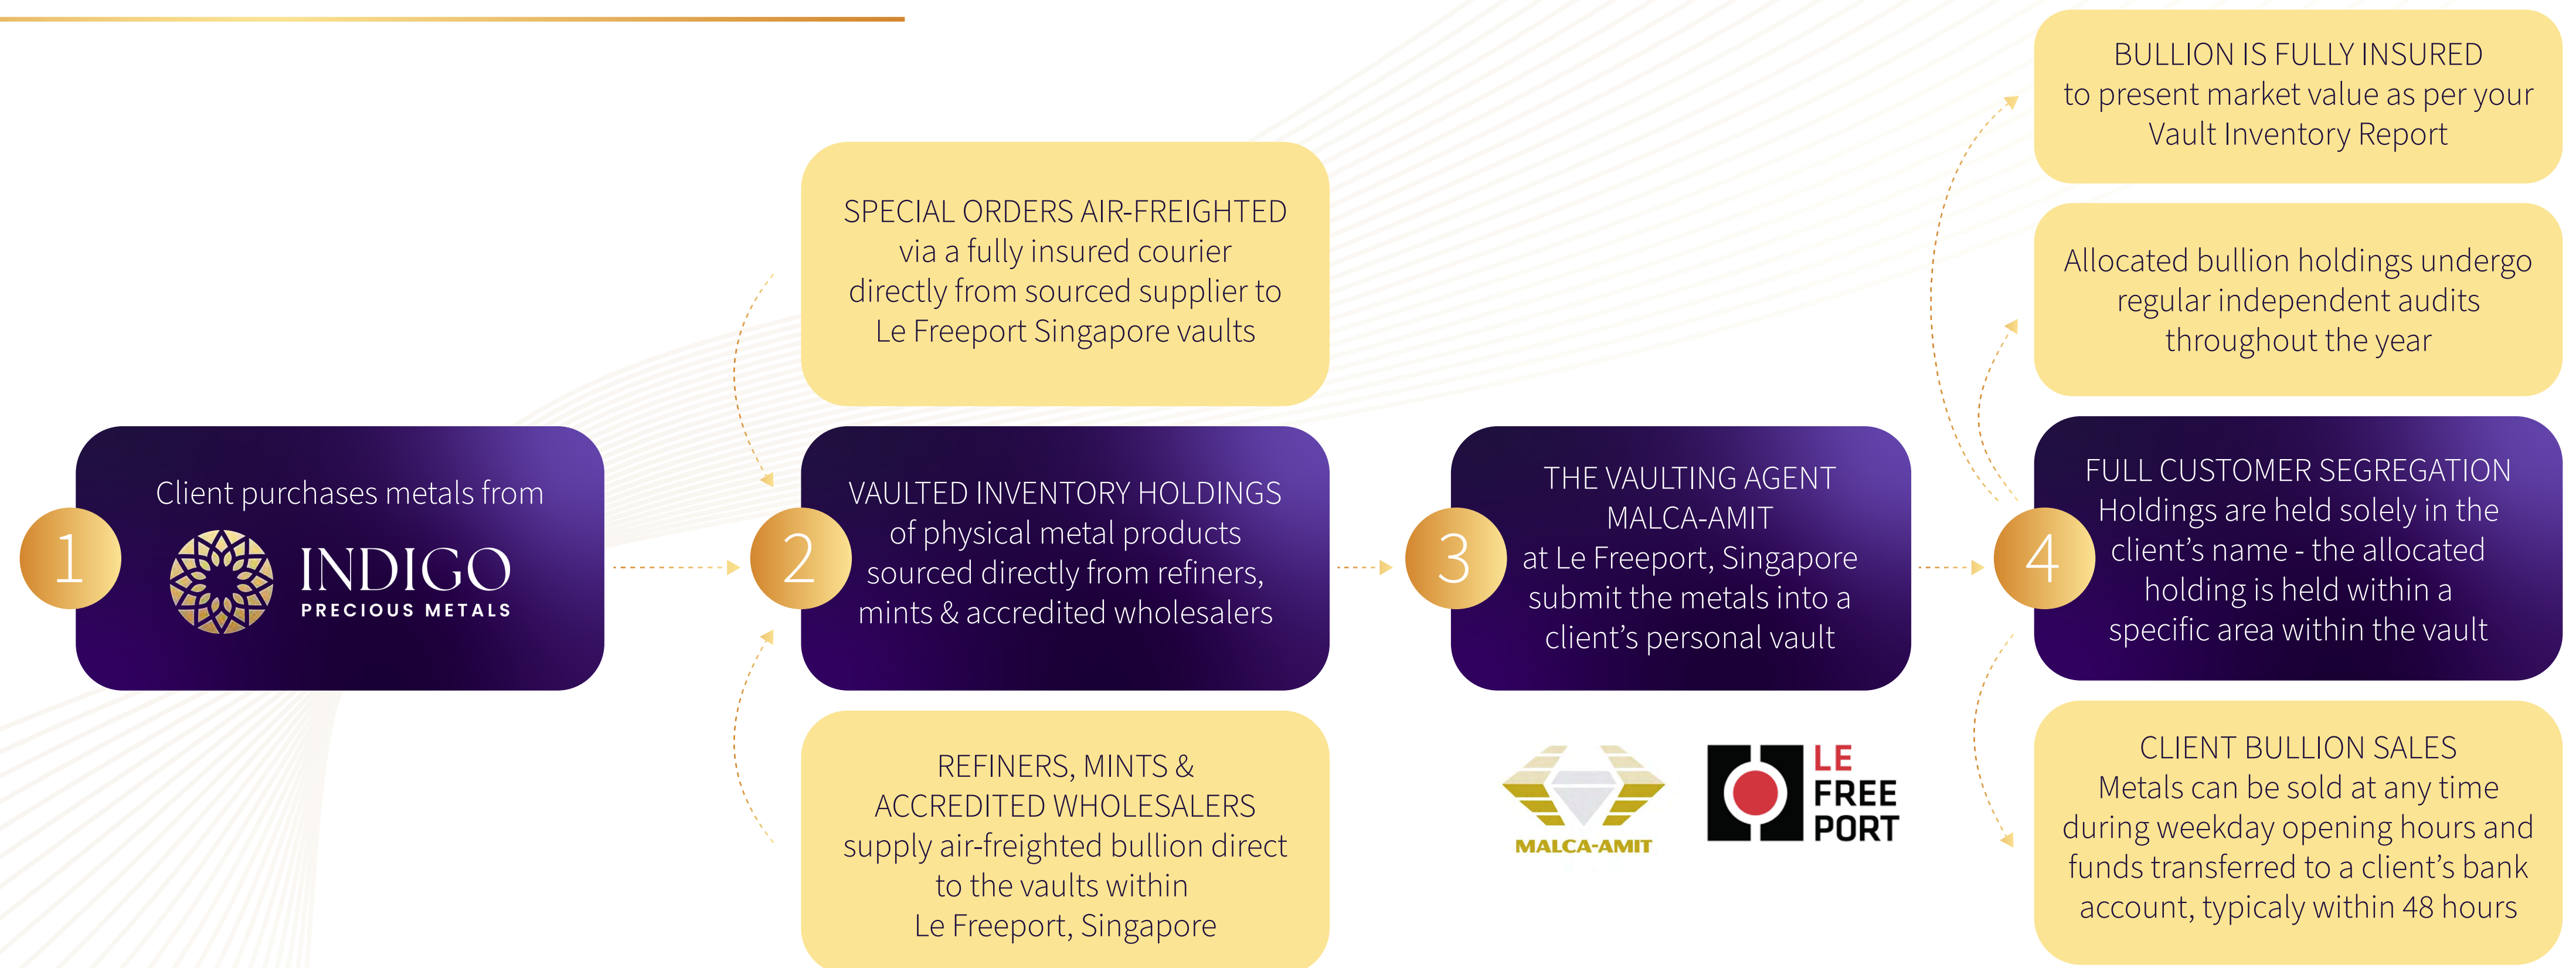

BRINKS

Our clients benefit from our close and long-standing wholesale storage and logistics agreements with these worldwide organisations, as we import and carry tremendous volumes of metals on behalf of clients around the world. We facilitate purchases of Gold, Silver, Platinum, Rhodium and Palladium at the very best market prices. We also source and vault rarer metals such as Ruthenium, Rhenium, Tellurium and Indium.

Clients may transact with us in USD, GBP, EUR, SGD, AUD, CAD, JPY and more on the latest live prices which are updated every few minutes.

Your Vaulting Journey

Please note:

Your metals are held in a wholly segregated account under your family, corporate, or trust name — never pooled or shared. Unlike most bullion dealers who retain legal title through sub-accounts, Indigo ensures you retain 100% ownership at all times, with no hidden costs and full security within one of the world's most advanced vaulting facilities.

OPENING AN ACCOUNT

To open a wholly allocated vaulted account either:

Contact us directly:

Email: info@indigopreciousmetals.com

Whatsapp: +65 6223 0185

OR

Download and complete our Account Opening form, choose the relevant form:

- Personal Account Opening: [Click Here](#)
- Corporate Account Opening: [Click Here](#)
- Trust Account Opening: [Click Here](#)

Email the completed forms to info@indigopreciousmetals.com

Ensure you submit the necessary identification documentation (copies thereof are accepted via email) as listed on the Account Opening form

Once we've received all of your documents, our team will proceed to process them and carry out the required due diligence. Our vaulting agents will then send out your vaulting contracts which should be checked and signed. In some cases we are able to expedite vault openings on behalf of clients (the process can take as little as 24 hours so please advise us of your particular requirements). IPM Group is available throughout the process to advise you, so please reach out to any member of our team with queries.

Opening a Joint Account

We always recommend opening your vaulted account jointly with your legal spouse (if any). This circumvents any death probate issues. In the event of decease, your vault will instantly fall into the ownership of the person(s) stated. You may request to appoint 'Authorised Person(s)' to your vaulted account to sign off any documents upon selling of your holdings, in the event of your absence. Authorised person(s), however, do not have any rights over your holdings or will not be able to terminate the account.

STEP 01

METALS ALLOCATION

At Indigo Precious Metals Group, portfolio precision is our craft. With decades of expertise and a deep understanding of the global forces that shape each metal’s value, we help you build a precious metals portfolio that performs—not just preserves.

Our bespoke guidance is designed to optimize returns across your entire holdings, aligning the right metal mix with market conditions and long-term objectives. We also provide strategic advice to help you structure purchases in a way that minimizes—or entirely avoids—capital gains tax exposure.

Discretion. Insight. Performance. Indigo delivers more than metals—we deliver peace of mind.

We will help you understand:

Tailored Metal Diversification

A portfolio composition aligned precisely with your personal financial goals and risk profile.

Maximized Profit Potential

Every recommendation is calibrated to enhance long-term performance across your holdings.

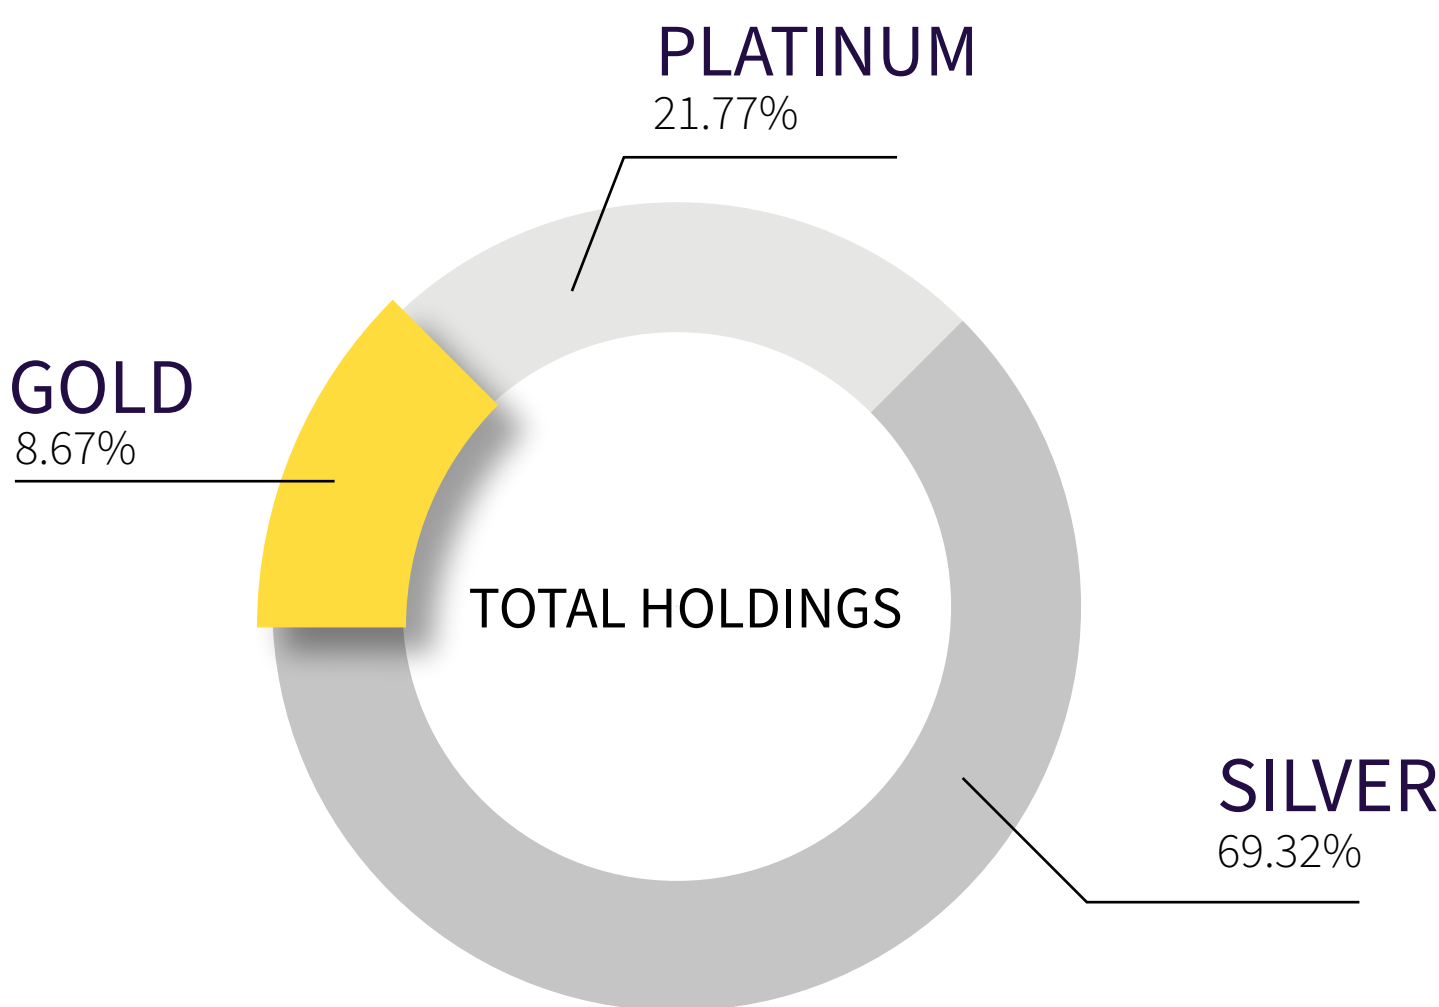

Strategic Product Selection

We factor in order size, premium structures, and each metal’s unique market behaviour.

Tax-Efficient Structuring

Advice informed by your country of citizenship—to help reduce or eliminate capital gains tax where possible.

**The allocation of metals shown here are for illustrative purposes only.*

STEP 02

FUNDING YOUR INVESTMENT

Seamless Purchasing with Pre-Credited Accounts

To help you act swiftly when market conditions are ideal, we offer the ability to pre-credit your secure online account. This exclusive facility—accessible anytime via your private login—has been designed for maximum convenience and speed.

By maintaining a pre-funded balance, you're positioned to lock in the best prices instantly. Your account credit will automatically trigger your purchase, securing both price and delivery for your selected metal products—no delays, no missed opportunities.

Funds are credited immediately upon clearance, and accounts can be held in any of the following currencies: **USD, GBP, EUR, SGD, AUD, CAD, JPY and more.** Clients may also maintain multiple currency balances and move funds between them effortlessly as needed.

Prefer Not to Pre-Credit? No Problem.

If you'd rather pay per transaction, we offer the flexibility of securing your order with just a 10% deposit. This upfront amount guarantees the price of your selected metals, giving you a few days to complete the remaining payment—without any risk of market price changes in the meantime.

Same-Day Settlement for Price Guarantee

Should you prefer to pay 100% via bank transfer, please note that pricing is only guaranteed once full funds are received in our account on the same working day.

If payment arrives later, your quote may be adjusted to reflect live market pricing—whether higher or lower. Rest assured, we'll always seek your approval before proceeding.

STEP 03

YOUR METALS SAFELY VAULTED

Verified. Insured. Accounted For.

Once your purchase is complete and funds have cleared, your physical precious metals are seamlessly transferred into your personal vault at Le Freeport Singapore, under the care of our esteemed vaulting partner, Malca-Amit.

For your peace of mind and full transparency, the following documentation is available upon request:

Vaulted Report

A comprehensive inventory detailing the exact contents of your vault, including full specifications, vaulting dates, and the duration of storage. Reports are issued quarterly, and can also be downloaded anytime via your secure online portal.

Inventory Manifest Photo Report

For clients unable to make an in-person vault visit, we offer a photographic record of your holdings—your proof, in pixels. This service is available for a nominal fee of USD \$15 (or equivalent) per product or package page.

Insurance Certificate

Once all original signed documentation has been received, you will be issued a personalized insurance certificate confirming full coverage of your vaulted assets.

With us, your metals aren't just stored—they're safeguarded, insured, and accounted for, down to the gram.

Secure, Verified, and Fully Insured Transit

Your investment bars are air-freighted directly from the mint (e.g. London) to Le Freeport, Singapore, where they are weighed, X-rayed, and re-verified by our vaulting partner, Malca-Amit, before being placed into segregated storage.

For added peace of mind, you may request an insurance certificate issued by Lloyd's of London, covering your full vaulted inventory under your family name. This service is available for a small administrative fee.

STEP 04

Real time insights, at your fingertips

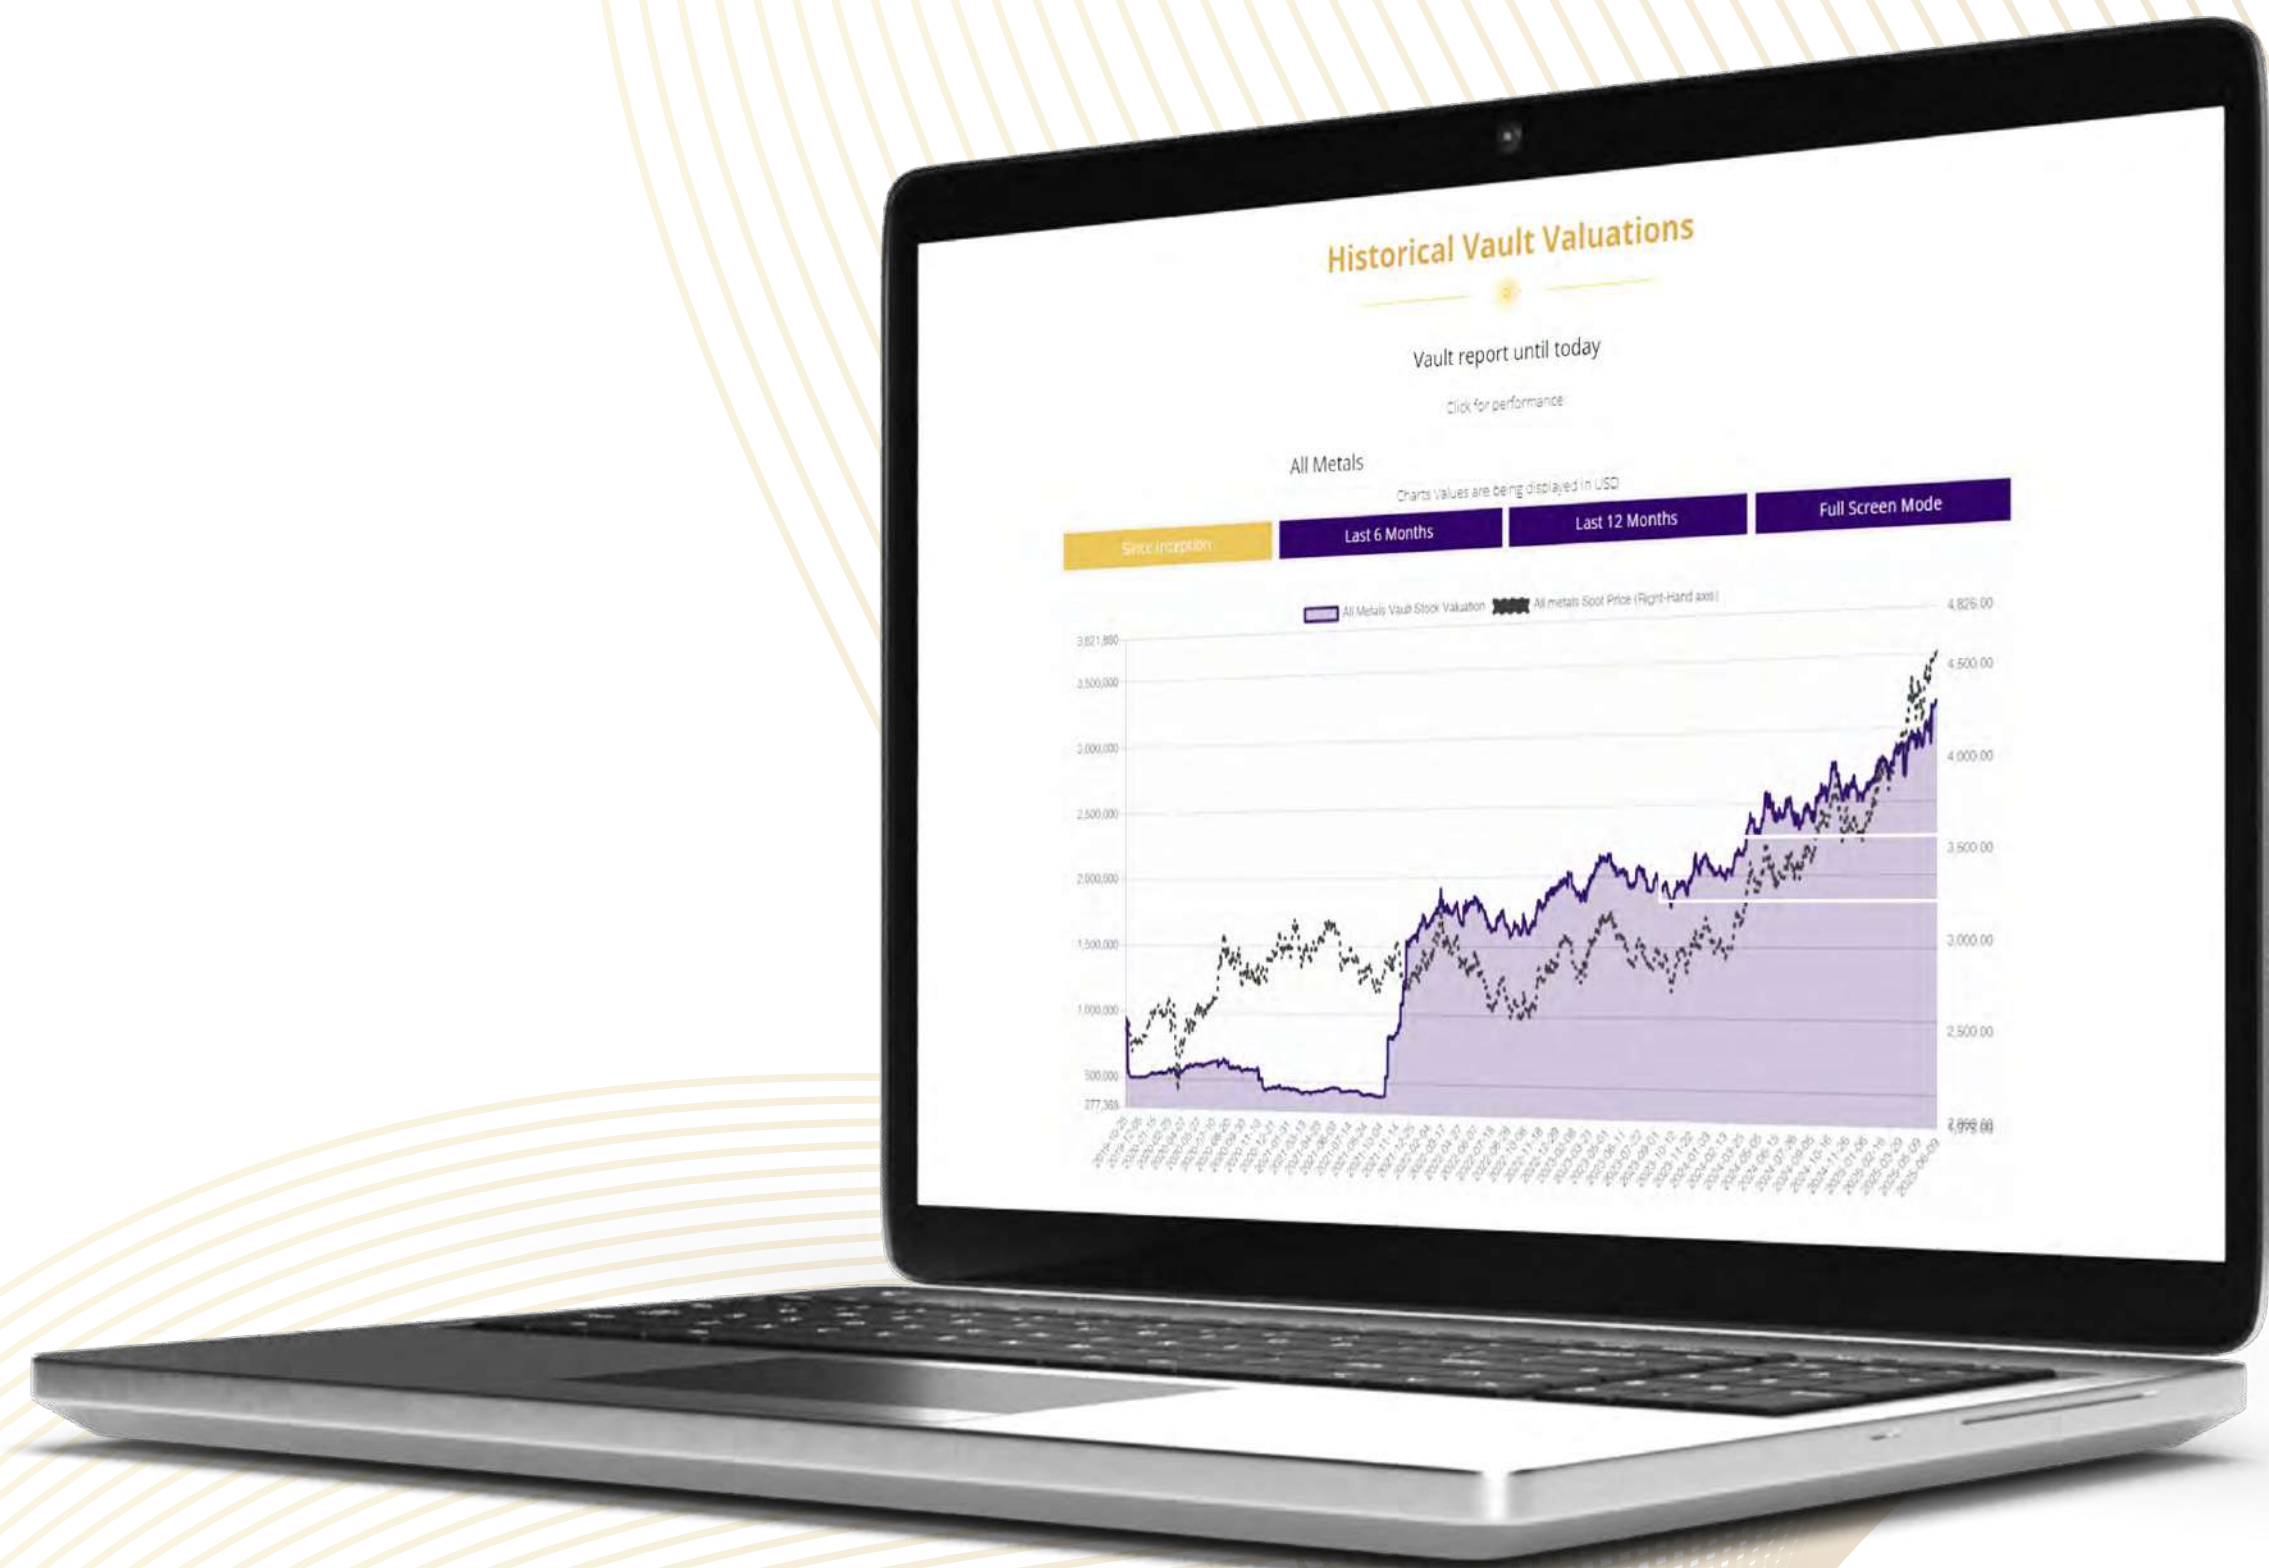

Access our bespoke portal for live metal valuations, performance history, and full visibility of your vaulted assets—anytime, anywhere.

Our commitment to excellence led us to develop a custom-built vaulting portal, designed specifically for our clients' needs across mobile, tablet, and desktop.

With real-time access to your holdings and live valuations in multiple currencies, the portal includes:

- 🌀 Injection Reports
- 🌀 Live Performance Charts
- 🌀 Vaulting Cost Tables
- 🌀 Full Inventory & Cost Breakdown Reports

All data is delivered via a fully cached system for fast, seamless access—anytime you need it.

Vaulting storage costs below are applicable within the vaults of Malca-Amit at Le Freeport, Singapore. Vaulting costs may be altered (up or down) by our company, provided we issue our clients with at least one month’s notice.

- Vaulting storage costs are charged daily. The charges detailed below are correct as of the 1st February, 2024
- Vault charges table below includes full insurance coverage and independent audits.
 - No minimal vault charge in place, charges are invoiced Quarterly in arrears or up to date of extraction / client vault closure.

Value Held in USD	Zero to 99,999	100,000 to 249,000	250,000 to 499,999	500,000 to 999,999	1,000,000 to 4,999,999	5,000,000 to 9,999,999	> 10,000,000
GOLD <small>(market bars & coins)</small>	0.37% per annum	0.33% per annum	0.28% per annum	0.23% per annum	0.22% per annum	0.18% per annum	0.16% per annum
SILVER <small>(market bars & coins)</small>	0.58% per annum	0.55% per annum	0.53% per annum	0.48% per annum	0.42% per annum	0.40% per annum	0.36% per annum
PLATINUM	0.40% per annum	0.37% per annum	0.33% per annum	0.30% per annum	0.25% per annum	0.23% per annum	0.20% per annum
PALLADIUM	0.45% per annum	0.42% per annum	0.35% per annum	0.30% per annum	0.25% per annum	0.23% per annum	0.20% per annum
RHODIUM	0.45% per annum	0.42% per annum	0.35% per annum	0.30% per annum	0.25% per annum	0.23% per annum	0.20% per annum
CRITICAL METALS	Each metal has differing charges - please request a quote						

All Storage Charges & Fees are subject to local GST taxes (9%)

Example:
Gold: US\$75,000 in holdings charged at 0.37%, hence $75,000 \times (0.0037 / 365) = \text{US\$}0.76$ cents per day.
Silver: US\$550,000 in holdings charged at 0.48%, hence $550,000 \times (0.0048 / 365) = \text{US\$}7.23$ per day.

SCHEDULE OF CHARGES FOR VAULTED ACCOUNTS
